ATB Financial

#1 Rated Easiest to Use

“The Certn training was **very intuitive** for ATB. I think someone who’s never used this system before could figure it out on their own.”

Consistently rated Easiest to Use by real users on G2.com, the world’s largest software marketplace, Certn has over 30 years of global experience in the background screening industry. This helps us design screening services that are easy to use for candidates clients like ATB Financial.

Leave the screening to us, so you can focus on delivering quality customer service.

With Certn

**Faster Turnaround
Times**

**Seamless
User Experience**

**Out-of-the-Box
ATS Integration**

**24/7 Client &
Candidate Support**

ATB Financial's background check process is more than three times faster with Certn. Before Certn, it would take three to four business days to get results. Now, if the candidate is available to provide the information right away, ATB can move through the screening process within an hour or two.

“It’s night and day compared to what we had before in terms of the efficiency and speed.”
